Appellant

v.

STATE OF ARKANSAS
Appellee

Opinion Delivered February 21, 2008

PRO SE MOTION TO FILE
SUBSTITUTED BRIEF [CIRCUIT
COURT OF GRANT COUNTY, CR
2004-119, HON. PHILLIP SHIRRON,
JUDGE]

MOTION GRANTED.

PER CURIAM

Now before us is appellant Willie J. Cartwright's motion to file a substituted brief containing a supplemental abstract and addendum. Appellant filed this motion in response to appellee's argument in its response brief that appellant's abstract was deficient.

Pursuant to Ark. Sup. Ct. R. 4-7(c)(3)(b), this court will routinely grant such motions filed by an appellant and give the appellant thirty days within which to file a substituted brief containing a supplemental abstract and addendum. The appellee will then be afforded an opportunity to revise or supplement its brief in response to the appellant's substituted brief.

Appellant's motion is granted. Appellant's substituted brief containing a supplemental abstract and addendum is due thirty days from the date of this opinion.

Motion granted.
